

The Cascade Caver

Official Publication of the
CASCADE GROTTO N. S. S.

Volume 11, nos. 10-11 Editor: Dr. W.R. Halliday October-November 1972

CHANGE IN PUBLICATION POLICY

In order to try to get meeting and field trip notices to the grotto members and other readers before they happen, the Caver will be published under a new system. One-page issues will appear monthly but much longer issues will result periodically by adding feature material to the one-pagers as they are typed, printed and received from Charley Larson. The one-pagers will be printed in Seattle on short notice so will be as up-to-date as possible. It is expected that a long issue will appear every three months or so, and will be about as long as three old issues.

COMING EVENTS

- November 20. Regular grotto meeting plus elections (I think). 8 PM, Hallidays, 1117 36th Avenue East, Seattle. At East Madison St. Doors open 8 PM. Well, maybe 7:55.
- December ?. Grotto Christmas party, presumably for all northwest cavers as in past years. Definite plans at November meeting.
- January or February. Yucatan-British Honduras trip. Call Hallidays.

NEW SECRETARY-TREASURER

Chuck Coughlin, Mary, Tuffy et al left for Los Angeles on short notice recently, so at the October meeting, Curt Black in Tacoma was elected secretary-treasurer to replace Chuck until the end of the year. Congratulations, Curt.

And hurry back, Chuck and Mary!

PROGRESS AT PARADISE ICE CAVES

At the December party or meeting, Charley Anderson will provide an illustrated account of the extraordinary progress this year in the Paradise systems.

STAND BY FOR AN ANNOUNCEMENT

The latest word from the eastern U.S. is that an extremely important announcement will be forthcoming shortly after Election Day. Watch the newspapers.
